WESTERN CANADIAN CROP PRODUCTION SHOW: DAY 4

SASKATOON, Saskatchewan – The last day of the Western Canadian Crop Production Show features **Spraying Innovations – a Crop Protection Technology Clinic** focusing on nozzles and peripherals. Attendees will learn about proper calibration, critical points of operation, tips on applying economics and agronomics, and equipment adjustments. Key note speaker Tom Wolf, Research Scientist at Agriculture & Agri-Food Canada, will provide an overview of five key issues that are of increasing importance in spraying: Application Accuracy, Uniformity, Water Volume, Boom Height and Spray Quality. Participating manufactures include: Trimble, John Deere, Raven and Outback. The clinic involves a lunch break with special speaker Garnet Welykholowa from Capstan Ag Systems. The clinic will take place in Hall A with registration at 8:00 a.m. Today is the last day for this clinic which hosted approximately 800 people throughout the 2-days.

Two presentations will take place at the Bayer CropScience Information Theatre – at 12:00 p.m. Mike Plypchuk from the Ministry of Agriculture will be presenting “Grain Storage Costs and Options”. Mike will discuss how to determine the best grain storage system for you and how to determine your annual costs per bushel of grain storage. At 2:00 p.m. Dustin Gabor from Ag-Chieve Corporation will be presenting “Are You Ready For An Open Grain Market?” Dustin will present the opportunities and challenges of an open grain market.

Show Hours:

Thursday, January 12: 10:00 a.m. – 5:00 p.m.

Admission:

Adult – \$10

2 Day admission pass – \$17

Parking:
